AGM TRADING STATEMENT

At the Annual General Meeting to be held at 11.30am today, the Chairman of Robinson plc, Richard Clothier, will make the following statement.

"I am pleased to report that revenues in the first quarter of 2015 are up by 26% over the same period last year. The increase is entirely attributable to the acquisition last year of Madrox which is performing ahead of expectations. Revenues at our pre-existing business in Poland are currently reduced following the loss of a contract in 2014; this has been replaced by new contracts which will take effect in the second half of 2015.

In terms of earnings, the Group continues to trade in line with market expectations."
