

# We're Hiring!

## Engineers

If you have an appetite for a dynamic, fast paced environment with a drive to make a difference, then we want to hear from you!

Robinson specialises in sustainable, custom plastic and paperboard packaging with technical and value-added solutions, with sites in the UK, Poland and Denmark. We provide products and services to many global brands in the Food & Drink, Personal Care & Beauty, Homecare and Luxury Gifts markets.

Come join our international team of industry-leading experts.

---

**General job role:** To service and repair automated machinery. Providing technical support for all breakdowns, projects and PPM. The ideal candidate will have experience in using injection moulding machines, however training will be provided for candidates who have worked in a similar environment.

**Location:** Kirkby-in-Ashfield

**Hours of work:** Continental pattern of 4-on/4-off working rotating days (6am-6pm) and nights (6pm-6am)
