

## SURPLUS PROPERTY UPDATE

Robinson plc ("Robinson", the "Company" or the "Group"; stock code: RBN), the custom manufacturer of plastic and paperboard packaging, is pleased to provide a surplus property update.

The Company is pleased to announce agreements were entered into on 6 August 2025 for the sale of surplus property. The agreements, which are with the same buyer, cover surplus property as follows:

- Parts of the Walton Works surplus property in Chesterfield have been sold. The sales include the grade II\* listed mill building and the surrounding land ("Walton Mill"). Walton Mill has been sold with exchange and completion having occurred on 6 August 2025. The consideration paid is £700,000; this sale agreement also includes an overage clause whereby an additional £315,000 would be payable to Robinson in the event that within 18 months following completion, the new owner then re sells part of the surrounding land referred to above to one already identified potential future buyer. Walton Mill is currently vacant and the book value of the parts sold was £546,650 at 31 December 2024.
- The Company has also entered an option agreement to sell the Boythorpe Works surplus property in Chesterfield (the "Boythorpe Option"). The Boythorpe Option attracts a non-refundable fee of £20,000, is for a maximum period of 24 months, is exercisable during this time at the option of the buyer and in addition the buyer would be required to exercise should satisfactory planning permission be granted. The total consideration payable after exercise of the option is £2,850,000, with one third to be paid on completion, one third 12 months after completion, and the final third 24 months after completion. Boythorpe Works is currently vacant and the book value was £612,286 at 31 December 2024.

The Company announced on 14 August 2023 it had exchanged contracts for the sale of c.1.3 acres of the Walton Works surplus property. The required planning permission has been granted subject to conditions, which are now at an advanced stage, and therefore completion of this sale is expected within the next three months. There has been an increase in costs to complete the transaction, some of which will be paid by the buyer. The revised consideration payable is expected to be £1,029,000 and with estimated costs to Robinson of £429,000, the net proceeds are expected to be £600,000. This property is partially occupied by tenants with annual rental income of £22,265 and the book value was £540,000 at 31 December 2024.

The Company has recently agreed, subject to contract, to sell three other surplus properties in Chesterfield with an aggregate consideration of £1,195,000. One of the properties is partially occupied by tenants, with annual rental income of £25,224, the remainder is vacant. The aggregate book value was £428,134 at 31 December 2024.

All the proceeds are payable in cash and the monies will be used by the Company to reduce bank debt. The intention of the Group remains, over time, to realise value from the disposal of surplus properties and use the proceeds to reduce indebtedness and develop our packaging business.
