

We're Hiring!

Injection Moulding Setter / Technician

Kirkby-in-Ashfield, NG17 7JU

We're looking for an experienced Injection Moulding Setter or Moulding Technician to install tools, ancillary equipment and set machine conditions to meet our quality and output our customers expect.

Robinson manufactures custom plastic and paperboard sustainable packaging solutions for many global brands in food and drink, personal care, homecare and luxury gifts in the UK, Poland and Denmark.

£19.00 per hour / Minimum 24 hours per week

Weekend nights: Saturdays and Sundays, 6pm–6am

Additional shifts up to 40 hours per week considered

What you'll do

- Install mould tools and ancillary equipment safely and accurately.
- Set and trouble shoot injection moulding machine conditions to achieve and maintain a stable process, the required product quality and output.
- Work closely with fellow team to maintain consistent setting standards and improve the process.
- Follow all tool setting and health, safety and environmental procedures.

About you

- At least five years' experience working with injection moulding machines.
- A practical, hands-on approach to problem solving, with an interest in improving the setting process to help reduce scrap, cycle times and downtime without compromising product quality or specifications.
- Attention to detail and pride in producing consistently high-quality products.
